EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Forrest Gunnison (reg. # 32,899) on 1/30/07.

2. **The following claims have been amended as indicated:**

42. A system, including a processor, for executing a software application, the system comprising:

a computing system that generates executable code, comprising means for providing a program in memory, the program comprising at least one program unit, each program unit comprising an Application Programming Interface (API) definition file and an implementation, each API definition file defining items in its associated program unit that are made accessible to one or more other program units, each implementation comprising executable code corresponding to said API definition file, said executable code comprising type specific instructions and data; and

means for performing a first verification prior to an installation of said program, comprising:

means for indicating a verification error when a first program unit implementation is not internally consistent;

means for indicating a verification error when said first program unit implementation is inconsistent with a first program unit API definition file associated with said first program unit implementation.

47. A system, including a processor, for executing a software application, the system comprising:
